

## Re-Colouring - Filling Options

Re-colouring pre-lightened hair with Infiniti permanent colour - refer to Colour Star & Underlying pigment guide for detailed information.

### Method

1. Evenly spray Sapphire Ice Defender to equalize porosity.
2. Mix as necessary (from table below) the required filler. Apply to damp hair ensuring sufficient product is applied without overloading hair with pigment.
3. Blow-dry filler into hair. Mix required Permanent target shade + 3% Infiniti Developer (1 + 1.5). Apply thoroughly & evenly to hair.
4. Process for 30 minutes no heat or 15 - 20 minutes gentle heat.
